CLASS HISTORY

High hopes of four principal years in high school marked the class of 1962 as we entered high school in September 1958.

The phrase "Green Frosh" described us perfectly, because we were constantly at the wrong place and at the wrong time. Soon we settled down to the normal routine of high school life; and with the guidance of our teachers, Mrs. Jones, Miss Oats, and Mr. Erwin, we made remarkable adjustment. To get off to a good start, we elected our class officers for the three sections: President, R.P. Jones, Helen Phillips, and Alfred Dula; Vice-presidents-Norman Ferguson, Odessa Dixon, and Elmer Dula.

When September of 1959 finally arrived, we, a smaller but wiser class, entered our sophomore year with renewed zeal and zest for the real business of school training and developing young minds. We grew and we learned. New courses in world history and biology took us into many parts of enlightened higher learning. Mrs. McDuffie and Mr. Davenport were our instructors. Class leaders were presidents Gail Hickerson and Norma Ferguson.

Upon entering our junior year, we found that we were really an integral part of the school. That year we honored the "Seniors of '61" with a marvelous prom. The junior class was composed of outstanding leaders who were Gail Hickerson, vice-president of Student Council and vice-president of Crown and Scepter Club; Edward Harper, treasurer of S. C. Jessie Corpening, secretary of S. C. Ann Berry, president of Library Club.

Our class officers were Frances Suddreth, Helen Phillips, Odessa Dickson, and Carolyn Fox. Our advisers were Mr. Harris and Mr. Jones.

Having transferred three points, we finally reached the senior year. The long cherished hope to be seniors has finally come. We are recording our history for the last time as a class. We have had several students to make the National Honor Society. Leader of school organizations were Gail Hickerson, president of the Student Council, David Bowers president of the band & Library Club, Mattie Witherspoon, president of the choir, and Eunice Fox president of Science Club and National Honor Society, Edward Harper, President of French Club.

As we leave Freedman High School we, as seniors, go with a feeling of deep regret that we must depart from our cherished school. Happy memories of our Alma Mater will linger with all of us in our many endeavors and in the years to come.
